PROJECT DETAILS

Project MRA-26-260914-MM-01
Revision 1

Project Description

Provide OSHA Compliant Annual Overhead Crane Inspections on 7 Single Units.

Price Includes: Labor, Mileage, Lift, Enviromental/Safety Fee & PM Work of Cranes.

Scope of Services

CraneTech, Inc. is pleased to submit the following proposal for the inspection of the hoists and cranes located in your plant per the site visit(s) and our interpretation of your requirements and State and Federal codes including OSHA CFR 1910.179; ASME, and ANSI. Inspections in California are done per Cal-OSHA requirements and the [California Code of Regulations, Title 8, Section 5031](#).

Scope of Work for Inspections:

CraneTech, Inc. has prepared our proposal to perform Inspections in order to keep employees safe, meet legal requirements, and minimize the total costs associated with repairs and lost productivity due to unplanned breakdowns.

We firmly believe that Inspections and Preventative Maintenance programs should be evaluated based on safety improvements and value provided for the money, and not based on total quoted cost. Evaluations based on cost alone lead to poor quality of work and significant downtime - and in the end, higher cost to the customer.

Our quotation is based on hours to be spent on each unit for quality Inspections. The total hours to be allocated multiplied by the competitive labor rate quoted will give the best indication of the quantity of work that will be performed, the quality of manpower and backing that will be provided, and in the end the best value for the money spent.

CraneTech Inc. appreciates the opportunity to provide this proposal and looks forward to enhancing the partnership between our companies by providing professional crane and hoist inspection and maintenance services.

Inspection Type Definitions

PERIODIC INSPECTION — Required annually or per CMAA service class

A comprehensive inspection required by OSHA CFR 1910.179, ASME/ANSI B30.2, and CMAA Specification 78, performed on a 1–12 month interval based on service classification and duty cycle. A periodic inspection includes **all frequent inspection items** plus a thorough examination of structural members (girders, end trucks, footwalks, ladders, handrails, trolley frame), fasteners (bolts, nuts, pins, rivets), sheaves and drums, brake system components, electrical apparatus (controller contactors, limit switches, pushbutton stations), trolley and runway rail alignment, runway structure integrity — with motion limit devices tested under each motion. This is the most complete assessment of crane safety and compliance, and is required to fully satisfy OSHA and CMAA annual obligations. **A periodic inspection is not equivalent to a frequent inspection** — it involves greater scope, more time, and is the standard by which OSHA compliance is measured.

Equipment to be Inspected

SEPTEMBER 2026 ANNUAL OVERHEAD OSHA COMPLIANT CRANE INSPECTIONS (Periodic Inspection)

1 visit per year · 7 units total

EQUIPMENT TYPE	# OF UNITS	FREQUENCY
Top running single hoist	7	1×/yr

Pricing Summary

Customer Acceptance

Terms & Conditions

Payment Terms

Payment terms for orders over \$50,000 are 50% down with order, 40% prior to shipping, Balance due upon completion. The first two payments are due upon receipt of invoice, and final payment is Net 30 days and subject to credit approval.

Payment terms for orders under \$50,000 are Net 30 days and subject to credit approval.

Price Fluctuations

Price subject to fluctuations in commodity pricing (steel) and tariffs. Price only locked in once down-payment is received and purchase order price for materials is finalized with our suppliers.

Taxes and Freight

Prices quoted do not include applicable sales tax or freight.

Permits

Permits, if required shall be provided and paid for by customer.

Exclusions - Engineering

Excludes: Any additional engineering, calculations, drawings, or special inspections.

Exclusions - Additional Work

Excludes: Any additional labor, equipment, material and work not listed above.

Compliance Standards

All work is to be in compliance with ANSI, OSHA, NEC and CMAA standards.

Power Supply Requirements

Power supply shall be in a suitable junction box within 2'0" from selected location, by others.

Work Schedule

Prices are based on open & clear access to equipment normal workdays Mon - Fri, 7:30am to 4:00PM.

Delays

Delays by others will be billed at applicable rates.

Legal Disclaimer

This Proposal is also subject to and governed by CraneTech's Terms and Conditions of Sale ("T&Cs") which can be found below. The T&Cs are incorporated herein by reference as if set forth in full in this Proposal. By accepting this Proposal, Customer expressly acknowledges that the T&Cs are a part of this Proposal and certifies that it has read and understands the provisions set forth in the T&Cs and agrees to be bound by them. The T&Cs can be revised, modified, or added to at any time at CraneTech's sole discretion. Any such revisions, modifications, or additions to the T&Cs will be effective immediately and retroactively incorporated in full into this Proposal. Customer should periodically review the T&Cs to ensure that it understands and is aware of any such revisions, modifications or revisions.

Applicability

These terms and conditions of sale (these "Terms") are the only terms that govern the sale of the goods ("Goods") and services ("Services") by CraneTech Inc. ("CraneTech") to the individual or entity purchasing Goods and/or Services ("Customer"). The accompanying proposal and/or quotation provided by CraneTech (the "Proposal") and these Terms (collectively, this "Agreement") comprise the entire agreement between the parties and supersede all prior or contemporaneous understandings, agreements, negotiations, representations and warranties, and communications, both written and oral. The Proposal shall be valid for a period of 30 days unless specified otherwise in writing by CraneTech.

Goods and Services

The Goods will be delivered in connection with CraneTech's performance of the Services or within a reasonable time after such performance. CraneTech shall provide the Services to Customer as described in the Proposal in accordance with these Terms. CraneTech shall use commercially reasonable efforts to meet any delivery or performance dates specified in the Proposal, but any such dates shall be estimates only.

Customer Obligations

Customer shall: (i) cooperate with CraneTech in all matters relating to the Goods and Services and provide access to Customer's premises, and such other facilities as may reasonably be requested by CraneTech, for the purposes of delivering the Goods and/or performing the Services; (ii) respond promptly to any CraneTech request to provide direction, information, approvals, authorizations, or decisions that are reasonably necessary for CraneTech to deliver the Goods and/or perform the Services in accordance with the requirements of this Agreement; (iii) provide such Customer materials (including without limitation a safe and working electrical source) or information as CraneTech may request to deliver the Goods and/or perform the Services in a timely manner and ensure that such materials or information are complete and accurate in all respects; and (iv) obtain and maintain all necessary licenses and consents and comply with all applicable laws in relation to the Goods and Services.

Limitation of Liability

NOTWITHSTANDING ANYTHING TO THE CONTRARY IN THIS AGREEMENT, IN NO EVENT SHALL CRANETECH, UNDER ANY CIRCUMSTANCES, BE LIABLE TO CUSTOMER OR TO ANY THIRD PARTY FOR ANY LOSS OF USE, LOSS OF DATA, DIMINUTION IN VALUE, LOST PROFITS OR BUSINESS OPPORTUNITIES, OR INDIRECT, SPECIAL, CONSEQUENTIAL, INCIDENTAL, PUNITIVE, OR EXEMPLARY DAMAGES, LOSSES, COSTS, OR EXPENSES WHATSOEVER, OR FOR COSTS OF COVER OR ATTORNEY OR EXPERT WITNESS FEES, REGARDLESS OF WHETHER ANY OF THE FOREGOING WERE FORESEEABLE, WHETHER CRANETECH HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES, AND/OR WHETHER ARISING OUT OF BREACH OF CONTRACT, TORT (INCLUDING NEGLIGENCE), OR OTHERWISE, AND NOTWITHSTANDING THE FAILURE OF ANY AGREED OR OTHER REMEDY OF ITS ESSENTIAL PURPOSE.

Governing Law

All matters arising out of or relating to this Agreement are governed by and construed in accordance with the internal laws of the State of Arizona without giving effect to any choice or conflict of law provision or rule that would cause the application of the laws of any jurisdiction other than those of the State of Arizona. In the event that Customer breaches any provision of this Agreement or otherwise causes damages to CraneTech arising out of its delivery of Goods or performance of Services, CraneTech may institute an action specifically to enforce any term or terms of this Agreement, to seek any damages for breach of same, and/or to recover any damages sustained.

Jurisdiction

Any legal suit, action, or proceeding arising out of or relating to this Agreement shall be instituted in the state or federal courts sitting in the State of Arizona, and each party irrevocably submits to the exclusive jurisdiction of such courts in any such suit, action, or proceeding.

Representation and Warranty

With respect to the Goods, CraneTech assigns to Customer, to the extent assignable, any warranties that are made by manufacturers and suppliers of the Goods. OTHERWISE, GOODS FURNISHED HEREUNDER ARE FURNISHED AS-IS, WHERE-IS, WITH NO WARRANTY WHATSOEVER. With respect to the Services, CraneTech represents and warrants to Customer that it shall perform the Services using personnel of required skill, experience, and qualifications and in a professional and workmanlike manner in accordance with generally recognized industry standards for similar services.

Disclaimer of Warranties

EXCEPT FOR THE WARRANTY EXPRESSLY SET FORTH ABOVE, CRANETECH MAKES NO REPRESENTATION OR WARRANTY WHATSOEVER WITH RESPECT TO THE GOODS OR SERVICES, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY, WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, WARRANTY OF TITLE, OR WARRANTY AGAINST INFRINGEMENT OF INTELLECTUAL PROPERTY RIGHTS OF A THIRD PARTY, WHETHER EXPRESS OR IMPLIED BY LAW, COURSE OF DEALING, COURSE OF PERFORMANCE, USAGE OF TRADE, OR OTHERWISE.

Indemnification

To the fullest extent permitted by law, Customer, at its sole cost and expense, shall indemnify, defend, save, and hold harmless CraneTech and its affiliates, and their respective officers, directors, managers, employees, agents, equity holders, successors, and assigns from and against any and all claims, third-party claims, demands, lawsuits, damages, actions, judgments, expenses (including reasonable attorneys' fees), losses (including direct, indirect, incidental, punitive, and/or consequential damages), liability for injury or death of persons, and/or loss, damage to, or destruction of property, in each case related to, arising out of, or in conjunction with this Agreement or CraneTech's delivery of Goods and/or performance of Services.

Termination

In addition to any remedies that may be provided under this Agreement, CraneTech may terminate this Agreement with immediate effect upon written notice to Customer, if Customer: (a) fails to pay any amount when due under this Agreement; (b) has not otherwise performed or complied with any of the terms of this Agreement, in whole or in part; or (c) becomes insolvent, files a petition for bankruptcy, or commences or has commenced against it proceedings relating to bankruptcy, receivership, reorganization, or assignment for the benefit of creditors.

Force Majeure

CraneTech shall not be liable or responsible to Customer, nor be deemed to have defaulted or breached this Agreement, for any failure or delay in fulfilling or performing any term of this Agreement when and to the extent such failure or delay is caused by or results from acts or circumstances beyond CraneTech's reasonable control, including, without limitation, acts of God, flood, fire, earthquake, explosion, governmental actions, war, invasion or hostilities (whether war is declared or not), terrorist threats or acts, riot, or other civil unrest, national emergency, revolution, insurrection, epidemic or pandemic, COVID-19, lock-outs, strikes or other labor disputes (whether or not relating to either party's workforce), or restraints or delays affecting carriers or inability or delay in obtaining supplies of adequate or suitable materials, or telecommunication breakdown or power outage.

Amendment and Modification

This Agreement may only be amended or modified in writing, signed by an authorized representative of each party, and specifically stating what portion of this Agreement is being amended.

Thank You

CraneTech appreciates the opportunity to provide this proposal and looks forward to enhancing the partnership between our companies. Please see below for an overview of other services offered within the Steel River family of businesses that we think also can further elevate your business.

The graphic is a dark, industrial-themed advertisement. On the left, it features the Steel River Foundry logo (two interlocking gears) and the text 'STEEL RIVER' in white. Below this, the main headline 'Strengthening America's Industrial Infrastructure' is written in large, bold, white letters. Underneath the headline, it says 'The next generation of industrial services.' On the right side, the text 'MATERIAL HANDLING SOLUTIONS' is written in red. Below this, there are two sections of services. The first section is 'OVERHEAD & MOBILE CRANE SERVICE' in white, followed by a bulleted list of services: Crane Safety Inspections, Emergency & Planned Repairs, Consultation & New Installation, Modernizations & Upgrades, Crane & Hoist Parts & Components, and Below the Hook Attachments. The CraneTech logo is placed below this list. The second section is 'OPERATOR & MAINTENANCE TRAINING' in white, followed by a bulleted list: Overhead Crane Operator, Inspector Certification, Mobile Crane, AWP & Forklift, Advanced Hydraulics, Mobile Hydraulic Systems, Train the Trainer, and Rigging. The Steel River Foundry logo is placed at the bottom right of this section.
